

## **The Role of Data in Healthcare: Where Do We Go From Here?**

*The expanding use of data in healthcare has led to critical discussions about privacy, quality, and access. Experts will speak about the complex relationship between the healthcare system and data, and how to best achieve meaningful results.*

### **Featuring:**

Kim Gray, J.D.  
Chief Privacy Officer  
IQVIA

David Levine, M.D  
Group SVP, Advanced Analytics and Product Management  
Vizient

**Friday, February 21, 2020**

Noon – 1:00 p.m.

U.S. Capitol, Room H-137

**(Non-Hill attendees must RSVP to be added to the security list)**

*Lunch will be served*

**Please share with any interested parties and  
R.S.V.P. to Kelly Fernandez at (202) 449-3452 or [kfernandez@hlc.org](mailto:kfernandez@hlc.org)**
