

Protecting Healthcare in Times of Tragedy

The effects of hurricanes and other natural disasters are more devastating than commonly realized. In addition to protecting access to healthcare facilities, manufacturers must maintain production capabilities to avoid shortages of medicines and critical supplies. Experts will discuss necessary actions to avoid disruption of care.

Moderator:

Mary Grealy
President
Healthcare Leadership Council

Speakers:

James Callahan
Senior Director, Global Business Resilience
AmerisourceBergen

Tracy Williams
President, St. Vincent's Medical Center Southside
