

## More than 90 Percent of Seniors Are Satisfied with Medicare Part D

**Each year, Medicare Today conducts a nationwide survey to find out how seniors feel about their coverage of prescription medications through Medicare. This year, the Senior Satisfaction Survey found that a decade after the program was first implemented, beneficiaries are still overwhelmingly satisfied with the coverage Part D provides.**

- According to the survey results, 93% of seniors say their prescription drug plan is convenient to use while 90% report that their plan works well.
- Seniors also feel they are getting coverage at a good price. The survey found that 87% of seniors think their prescription drug plan is a good value.
- 80% of seniors report that having a variety of Medicare Part D prescription drug plans to compare and choose from is important to them.
- 91% of seniors would recommend Medicare Part D prescription drug coverage to a friend or family member

*Methodology: This poll was conducted by Morning Consult from June 26 – June 28, 2020, among a national sample of 1,000 seniors who are Medicare Part D recipients. The interviews were conducted online and the data were weighted to approximate a target sample of seniors based on age, race/ethnicity, and gender. Results from the full survey have a margin of error of plus or minus 3 percentage points.*
